

## WHY USE THE COMMUNITY TRAIL

### CONNECT WITH YOUR COMMUNITY:

Our trail is more than just a path; it's a space where neighbors meet, families bond, and friendships grow. Join us in strengthening community ties while enjoying the great outdoors.

### PROMOTE SCHOOL SAFETY:

The trail provides a safe, designated route for students walking to and from school. Parents can feel confident knowing their children are on a secure path designed with their safety in mind.

### STRENGTHEN FAMILY, STRENGTHEN YOURSELF:

Discover the perfect family outing. Our trail offers a variety of experiences, from gentle strolls to invigorating hikes. As you explore, you'll not only bond with loved ones but also improve your physical and mental health.

### ACCESSIBLE FOR ALL AGES:

The trail is designed to be accessible for people of all ages and abilities. With smooth paths, resting spots, and clear signage, it's easy for everyone to enjoy.

CONNECTING THE COMMUNITY

## Explore Your Community Trail

Discover the heart of our community with a trail that brings people together, encourages healthy living, and provides a safe and enjoyable space for everyone. Whether you're a child, adult, or senior, our trail is designed for all ages and abilities.

The Mazeppa Trail Committee has devoted a considerable amount of manpower into developing a future trail networking plan for our community. The purpose of our trail is to connect with the community. It will also give a safe passage for kids/adults to cross Highway 60 to the Mazeppa school. The trails will be used for walking and biking across Mazeppa. We are hoping to have the trail 10 foot wide and have the community and surrounding area use year round! We aim to complete the following phases.

Phase 1: Cherry Street Trail to Herb Vik Park Trail Connection: this is what the 2024 Local Trail Connections Program application is for. (yellow dashed line).

Phase 2: Herb Vik Park Trail to underpass of highway 60. (orange dashed line)

Phase 3: Herb Vik Park and Cooper's Park bridge. (red dashed line)

Phase 4: City Dog Park Connection. (purple dashed line)
